ABSTRACT

This pamphlet is a guide to social studies materials which were exhibited at the 1978 annual conference of the National Council for the Social Studies. The exhibit contained approximately 200 curriculum materials, periodicals, and papers collected from states, school districts, professional associations, and a few commercial publishers. The guide presents the materials in five categories: kindergarten and elementary, junior high, senior high, social studies periodicals, and occasional papers. Within each category the materials are listed by state in alphabetical order. Information on each item includes source, title, grade level, price, subject matter, and a brief description of the material. Subject areas covered by the materials include social studies, social sciences, environmental education, multicultural education, demography, global education, geography, law, energy, and area studies. SOCIAL STUDIES CURRICULUM MATERIALS

1978

The Curriculum Materials Committee welcomes you to the Curriculum Materials Exhibit of the 1978 National Council for the Social Studies Convention. It is with pleasure that we present to you this guide to our Materials Exhibit.

The social studies materials listed on the following pages are available within the exhibit for your inspection. The materials in the exhibit are displayed in the same groupings and in the same numerical order as their listing within this guide. The Table of Contents reveals the general organizational pattern of the display, listed by state in alphabetical order.

Where possible the price as well as the source of the materials is listed. The presence of these materials within the display does not necessarily mean that they are generally available for distribution. It is suggested that interested individuals contact the sources directly for further information regarding availability of materials.

The Chairpersons of the Materials Committee wish to express their thanks to the many individuals who have submitted materials for this exhibit.

DR. BILL WARD, SOCIAL STUDIES SPECIALIST
ARKANSAS DEPARTMENT OF EDUCATION
LITTLE ROCK, ARKANSAS

SOCIAL STUDIES SKILLS
Grade Level: 6-12
Price:
Subject matter: social studies
Materials Description: Most experts now agree that we can better help our students by equipping them with the "tools" of learning-how-to learn. These basic tools of learning are skills. The Social Studies Skills Committee identified those skills for which practical lessons could be written to demonstrate how each skill could be incorporated in the classroom. Examples: evaluating sources, finding information, classifying data, and map skills.
